COMMENTS FROM THE TOWN MANAGER'S OFFICE

Winter and snow brings problems for both individuals and towns as well. Two of the most common complaints from the citizens are driveways being filled in with snow and mailboxes that have been hit by a plow wing. In talking with officials in other towns it is learned that these are two common complaints in those communities. One viewpoint most commonly expressed is that the plow wing could be lifted when passing driveways. If this was done just imagine what the road would be like by spring, each time the wing was lifted the snow would build out into the road. With a large accumulation of snow the snow bank could easily project into the traveled portion of the highway.

As for mail boxes you will note that the greater part of them are set on top of a post, which was very satisfactory before the days of keeping roads plowed for motor vehicles. For a number of years mailboxes erected in this manner have been a problem for snow removal crews, particularly after large storms and there has been an accumulation of snow. The Post Office has a leaflet illustrating how a mailbox should be installed when snow removal is a problem. Very little difficulty is experienced with boxes that are erected by first setting the post back from the road, with the box on the end of an arm extending from the post.

Two reports were recently received and on checking it was learned that snow had been plowed out of driveways across to the opposite side of the street adjacent to driveways on that side. In these two known instances when the streets were plowed and the snow bank pushed back two individuals got snow in their driveways that should have belonged on the opposite side of the street.

Sincerely,
Harold L. Bean

from
The Upper Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, March 3

Read Matthew 6:19-26

Let us not be weary in well doing; for in due season we shall reap, if we faint not. (Galatians 6:9).

SOMETIMES we get discouraged in our Christian living. This may be due to the monotony of our work. We may see little beauty in a single color; but put two together, blend them or contrast them, and we are lifted by sheer beauty. We may hear no music in a single note; but when we weave several together harmoniously, we notice the difference.

We become discouraged sometimes because we think that our one aim is to get the job done. But there is another side of the labor story which we so often forget. The Christian view is that we are not making things; we are making men.

The most important thing that you and I have to make is not a living, but life. Let us put patience, kindness, sympathy, courage, and good honest toil in our tasks. Thus we shall be planting eternal truths in our hearts, eternal values into the characters God would have us build.

PRAYER: Our Father, when we become discouraged, help us to look at life through the eyes of Christ. Amid His toil and grief, He saw Thee. In seeing Thee, He found the way to the hearts of people and lived for their good. Help us so to live, in His name. Amen.

Thought For The Day

MAN'S RECIPE

TREENA'S

TUNA-ASPARAGUS

CASSEROLE

Letters ask how much gar-
dening I actually do. Here at

Sunny Acres I have 40,400
square feet in garden plots, 100
cultivated blueberries, and 35
dwarf apples, pears, plums and
cherries.

I enjoy experimenting, and
have 150 feet of Mary Wash-
ington asparagus on which I am
running experiments. Blanched
and I like asparagus. Fresh
plum asparagus, no more than
an hour from the garden to ta-
ble, is one of our favorite ve-
getables. Once you get a bed go-
ing, asparagus will produce for

20 to 30 years.

This asparagus-flavored cas-
serole is a good supper dish.

Use one package frozen peas,

one six or seven ounce can of

tuna drained, one can aspara-
gus soup, one third cup creamy
milk, one half teaspoon salt,

one eighth teaspoon pepper, one

half teaspoon parsley flakes,
one cup buttered crumbs for

topping.

Cook the peas until tender
and put peas in a greased cas-
serole. Spread the flaked tuna
over the peas.

Mix the soup and milk with
the salt, pepper and parsley
flakes. Pour this over the tuna
and peas. Bake at 350-375 for

15-20 minutes, until piping hot
and crumbs are brown.

**PLPLENTY OF GOOD SEED
POTATOES AVAILABLE
FOR PLANTING**

There's plenty of high quality
seed available this year for po-
tato growers to plant, according
to Paul N. Mosher, Extension
Service Crops specialist, Uni-
versity of Maine.

Some 90 per cent of the seed

from 12,494.71 acres of Maine

potatoes tested in Florida was

approved as Foundation seed.

Another 9.3 percent was given

approval for table stock seed.

This left only .7 of one percent

which was not believed suitable

for replanting.

GOVERNOR REED ANNOUNCES CANDIDACY

Since assuming the Governorship in the waning days of 1959 I have been faced with a most important personal decision, that of determining whether I would be a candidate to succeed myself.

Many people have encouraged me to stand for this nomination. Obviously a decision of this magnitude requires much thought and consideration. During the past few weeks I have carefully weighed the factors involved.

With full confidence in the wisdom and judgment of the people of my state, I offer myself as a candidate for the Republican nomination for Governor of Maine.

It is my belief that in a constantly changing world we must be ever alert to adopt sound measures that represent true progress in good government.

ANNE D. CHAPMAN

Funeral services, conducted by the Rev. Clifford Laws, were held at the Greenleaf Funeral Home February 24, 1960 for Miss Annette Delano Chapman, who died suddenly at her home in Bethel Sunday evening, February 21st.

Miss Chapman was born at the Chapman Homestead in Gilford, September 19, 1908, the daughter of the late Jack A. and Jessie Sproat Chapman. Having attended the grammar schools here and at Columbus, Ohio, she entered Gould Academy for one year, at which time she first encountered the rheumatic fever and subsequent heart condition from which she was never to recover fully. After a year of convalescence and travel with her aunt, Miss Annette D. Sproat, and her grandfather, B. F. Sproat, of Chillicothe, Ohio, she made her home with them and attended the Chillicothe High School, from which she graduated in 1929. From there she went to Lindenwood College for women at St. Charles, Missouri, and she graduated in 1933, receiving the degree of bachelor of arts. Returning to the home of her parents she attended the Farmington Normal School, Farmington, Maine. But ill health forced her to leave after one semester.

Rehearsals are in progress for "Vaudeville U. S. A." to be given at the town hall March 11. Tickets are on sale at Lee's Variety Store and Cummings Filling Station. An orchestra will furnish music for dancing following the show. Sunday School News.

The Locke Mills Sunday School teachers held their meeting on Wednesday evening, Feb. 24, at the home of Supt. Richard Melville. It was decided to hold a food sale at Leach's Store on Friday, March 18, at 4:00 p. m. It is hoped that all parents will cooperate in this project and that any who are unable to cook will find it possible to make a donation of money when they are asked by the solicitors. Plans for the coming months and for Easter were completed. There was a discussion on a possible Vacation Bible School.

The guest minister at the Locke Mills Union Church for March 6th, will be Charles Partridge of Norway.

Mr. and Mrs. David Roberts and family of Cranby, Mass., have been guests of his father, Elmo Roberts, and brother, Gordon Roberts, a 10 family, as well

as other relatives in this vicinity, recently.
